Chicken Life Cycle Worksheet

Name: _____ Date: _____

1. Put the stages in order

Write 1, 2, 3... in the boxes to show the order of the chicken life cycle.

☐	**Egg** – A hen lays an egg, which is kept warm for 21 days.
☐	**Chick** – The fluffy chick pecks out of its shell and can walk soon.
☐	**Adult** – Chicks grow into hens that lay eggs, or roosters.
☐	**Embryo** – Inside the egg, a chick slowly forms and grows.

2. Match the word to its meaning

Write the letter next to each word.

1. incubate	A. to keep eggs warm until they hatch
2. hatch	B. a baby animal growing inside an egg or mother
3. embryo	C. to break out of an egg

3. Draw and label

Draw your favourite stage of the chicken life cycle and label it.

4. Explain

What happens between the first and last stage?

Answer key

Correct order

Egg → Embryo → Chick → Adult

Word match

1–A, 2–C, 3–B

Try this activity

Make a 21-day hatching calendar showing what happens inside an egg each week. If your school hatches chicks, record observations daily and wash hands after any contact with chicks.
