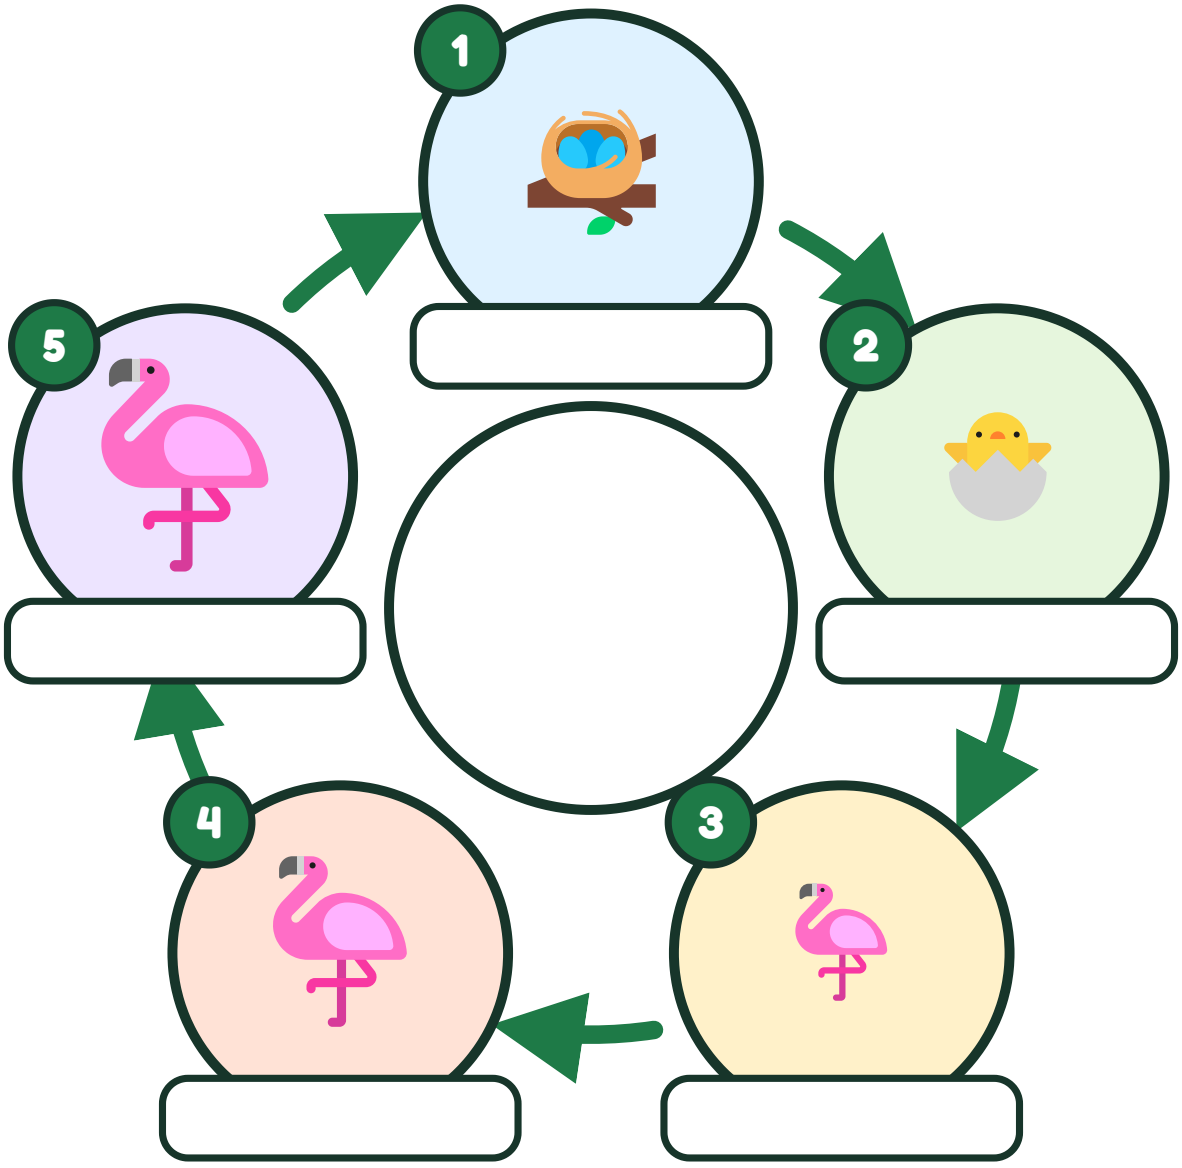
Label the Flamingo Life Cycle

Write the name of each stage in the empty boxes.

Name: _____ Date: _____



Word bank

Adult • Chick • Crèche • Egg • Juvenile

Which stage comes right after **Egg**? _____

Cut and Sequence

Cut out the cards and put the flamingo life cycle in order. ✂

Name: _____ Date: _____

Juvenile
Flies at 9–13 weeks; gray feathers at first.

Crèche
Joins a big group of chicks at about 1 week.

Egg
One egg on a mud mound, kept warm 27–31 days.

Chick
Gray, fluffy chick fed crop milk by parents.

Adult
Fully pink and ready to breed at 3–5 years.

Match the word to its meaning

1. crop milk ____	A. a rich liquid food that some bird parents make in their throats for their chicks
2. crèche ____	B. a big group of young birds looked after together
3. down ____	C. soft, fluffy feathers on a baby bird
4. incubate ____	D. to keep an egg warm so the baby inside can grow

Glue your cards in order on another sheet and draw arrows between them.
