Horse Life Cycle Worksheet

Name: _____ Date: _____

1. Put the stages in order

Write 1, 2, 3... in the boxes to show the order of the horse life cycle.

☐	**Yearling** – The young horse stops drinking milk and grows quickly.
☐	**Adult** – The grown horse is strong enough to work and can have foals.
☐	**Foal** – A baby horse, called a foal, can stand and walk within hours of birth.

2. Match the word to its meaning

Write the letter next to each word.

1. mammal	A. warm-blooded animal that feeds its babies milk
2. foal	B. an adult female horse
3. mare	C. a baby horse

3. Draw and label

Draw your favourite stage of the horse life cycle and label it.

4. Explain

What happens between the first and last stage?

.....

Answer key

Correct order

Foal → Yearling → Adult

Word match

1–A, 2–C, 3–B

Try this activity

Make a horse growth timeline using pictures of a foal, yearling and adult. Measure classmates' heights in 'hands' (one hand is about 10 cm), the unit people use to measure horses.
