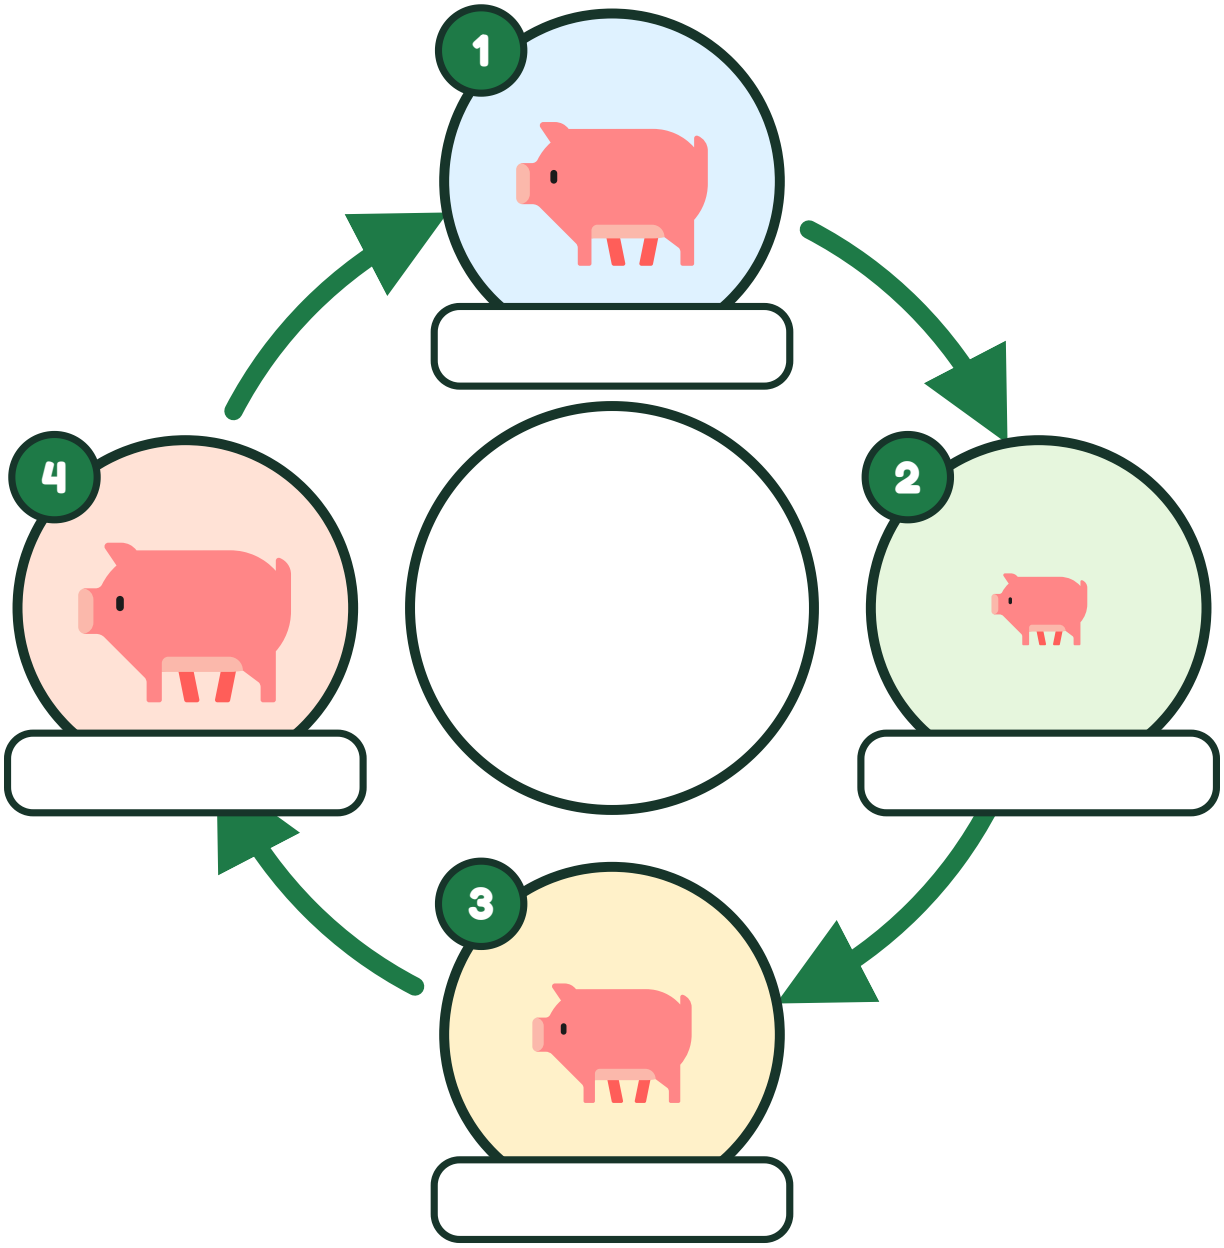
Label the Pig Life Cycle

Write the name of each stage in the empty boxes.

Name: _____ Date: _____



Word bank

Adult • Growing pig • Piglet • Pregnancy

Which stage comes right after **Pregnancy**? _____

Cut and Sequence

Cut out the cards and put the pig life cycle in order. ✂

Name: _____ Date: _____

Adult
Gilts become sows and have piglets.

Pregnancy
Sow is pregnant for about 114 days.

Piglet
Born in big litters, about 2–3 lb each.

Growing pig
Weaned, then grows fast on solid food.

Match the word to its meaning

1. piglet ____	A. an adult female pig that has had piglets
2. sow ____	B. an adult male pig
3. boar ____	C. a baby pig
4. gilt ____	D. a young female pig that has not had piglets yet

Glue your cards in order on another sheet and draw arrows between them.
