Rabbit Life Cycle Worksheet

Name: _____ Date: _____

1. Put the stages in order

Write 1, 2, 3... in the boxes to show the order of the rabbit life cycle.

☐ **Juvenile** – Young rabbits hop out of the nest and start eating grass and plants.

☐ **Newborn** – Baby rabbits called kits are born blind and furless in a fur-lined nest.

☐ **Adult** – Adult rabbits are fully grown and can have many babies each year.

2. Match the word to its meaning

Write the letter next to each word.

1. mammal	A. a tunnel or hole an animal digs to live in
2. offspring	B. the babies or young of a living thing
3. burrow	C. warm-blooded animal that feeds its babies milk

3. Draw and label

Draw your favourite stage of the rabbit life cycle and label it.

4. Explain

What happens between the first and last stage?

.....

Answer key

Correct order

Newborn → Juvenile → Adult

Word match

1–C, 2–B, 3–A

Try this activity

Make a rabbit life cycle wheel from two paper plates. Draw the newborn kit, young rabbit and adult on the bottom plate, cut a window in the top plate, then spin to show each stage while explaining it.
